## ***Product Resource Guide***

The McKesson WoundCare Companion™ Product Resource Guide offers you a breadth of choices between reputable national brand suppliers as well as our own McKesson Brands product portfolio.

Conveniently divided by AWC subcategories and suppliers, it also provides product description, size, and manufacturer item number for advanced skin care and advanced wound care products to help make choosing the appropriate products a cinch.

# Product Resource Guide: Advanced Skin Care Product Portfolio

Inside the McKesson WoundCare Companion™ Product Resource Guide, you'll find our portfolio of Advanced Skin Care products to help you identify the proper products that cleanse, moisturize, and protect the skin.

## Advanced Skin Care Product Portfolio

Maintaining skin integrity is the first step in preventing wounds. Properly selecting and using the right skin care product can be an ongoing challenge. That's why McKesson Medical-Surgical has made it easier for you to identify the proper products and is committed to finding ways to make the treatment of skin less challenging for you.

Our products are available in various units of measure - from single products to cases. Contact your McKesson Medical-Surgical Account Manager or check out [mms.mckesson.com](http://mms.mckesson.com) to order today.

### ADVANCED SKIN CARE THERA™

THERA™ is a specially formulated group of eight products that will help you address skin issues and protect\* and treat skin irritations.

#### INFUSED WITH SAFFLEX™ VITAMIN COMPOUND

Each product in the THERA™ Advanced Skin Care line is enriched with an all-in-one proprietary blend of vitamins and nourishing ingredients called SAFFLEX™. It contains:

- Vitamin E acetate
- Vitamin C
- Vitamin B3
- Vitamin B5
- Vitamin B6
- Safflower seed oil
- Hyaluronic acid
- Lavender-Viang fragrance
- Bisabolol (an extract of chamomile)
- Ginger root extract

\*The skin protection claim does not apply to the Foaming Body Cleanser and the Antifungal Body Powder.

### ADVANCED SKIN CARE THERA™

## ***Pocket Guide***

The McKesson WoundCare Companion™ Pocket Guide is a go-to, take-anywhere guide to help your clinicians with the challenges of wound care. The pocket guide contains information on:

- Skin and Wound Assessment
- Product Selection for Advanced Skin and Wound Care

Pocket Guide | Assessment | Product Selection

## ***Pocket Guide: Skin and Wound Assessment***

The McKesson WoundCare Companion™ Pocket Guide contains valuable information to help your clinicians assess skin and wounds, including:

- Detailed descriptions of advanced skin conditions and advanced wounds
- Guidelines for assessing and documenting wounds and identifying a treatment plan
- Suggested actions for the care of advanced skin conditions and advanced wounds

### ASSESSING WOUNDS

#### ***Pressure Ulcers: Stage I***

##### **Stage I: Non-Blanchable Erythema**

Intact skin with non-blanchable redness of a localized area, usually over a bony prominence. Darkly pigmented skin may not have visible blanching; its color may differ from the surrounding area.

The area may be painful, firm, soft, warmer or cooler as compared to adjacent tissue. Stage I may be difficult to detect in individuals with dark skin tones. May indicate "at risk" persons (a heralding sign of risk).<sup>7</sup>

# Pocket Guide: Product Selection for Advanced Skin and Wound Care

The McKesson WoundCare Companion™ Pocket Guide helps your clinicians identify the proper course of treatment for advanced skin conditions and wounds, and choose the products most appropriate for prevention and treatment. The Pocket Guide contains product descriptions, sizes and manufacturer item numbers for both national brand suppliers and our own McKesson Brands product portfolio.

**WOUND DRESSINGS**  
**Hydrocolloids**

Used as a primary or secondary dressing for wounds with light to moderate drainage. Helps maintain a moist wound environment to assist in autolytic debridement. When in contact with wound drainage, the dressing forms a fluid/gel environment over the wound bed. Thin hydrocolloid is semi-transparent, allowing visualization of the wound.

**SUGGESTED PRODUCTS**

- McKesson**  
Hydrocolloid Dressings, Thin
- ConvaTec**  
DuoDERM® Hydrocolloid Dressing
- Smith & Nephew**

## MCKESSON

### Adhesive and Non-Adhesive Foam Dressings

**Adhesive and Non-Adhesive Foam Dressings:** Primary or secondary dressing for wounds with moderate to heavy exudate. Hydrocolloid foam dressings feature a layer that effectively absorbs wound drainage. Helps maintain a moist environment at the wound surface.

Skin friendly acrylic adhesive ensures that the dressing remains secure. Waterproof and breathable outer wound from outside contamination and prevents strike-through of exudate/leakage. Soft and cushioned better comfort and protection.

**Indications:** Wounds with moderate to heavy exudate. Patients with a known hypersensitivity to the product itself or to its components.

**Change Frequency:** Change dressing as directed by a healthcare professional.

**Recommended Secondary Dressings:** None.

**Adhesive Foams:** N/A.

**Non-Adhesive Foams:** Cover with an appropriate dressing depending on the amount of exudate. Change frequency as directed by a healthcare professional.

**Satisfaction Guarantee**  
If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.

**ORDERING INFORMATION**

**Indications:** Wounds with moderate to heavy exudate. Patients with a known hypersensitivity to the product itself or to its components.

**Change Frequency:** Change dressing as directed by a healthcare professional.

**Recommended Secondary Dressings:** None.

**Adhesive Foams:** N/A.

**Non-Adhesive Foams:** Cover with an appropriate dressing depending on the amount of exudate. Change frequency as directed by a healthcare professional.

**Satisfaction Guarantee**

## MCKESSON

### Island Dressings / Barrier Island Dressings

**Island Dressings:** Primary or secondary bordered non-adherent gauze dressing. Excellent alternative to gauze and tape.

**Barrier Island Dressings:** Primary or secondary bordered nonadherent gauze composite. Protects from outside contamination.

**Indications:** Island Dressings: Primary or secondary dressing. Barrier Island Dressings: Effective water barrier to permit showering/bathing.

**Change Frequency:** Change dressing as directed by a healthcare professional.

**Recommended Secondary Dressings:** N/A.

**Satisfaction Guarantee**  
If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.

### Wound Measuring Guide

**Wound Measuring Guide - Circular Grid**  
Disposable clear plastic 6" x 6" sheet  
Circular built-in eye grid measures wound diameter in centimeters  
Contains ample space to document patient name and date  
Facilitates obtaining a wound tracing  
Designed for easy, single-use convenience

**Wound Measuring Guide - Ruler**  
Disposable white paper 6" ruler  
Calibrated in inches and centimeter equivalents  
Contains ample space to document patient name and date  
Designed for easy, single-use convenience

**Indications:** Wide range of measuring gloves, pressure or traumatic wounds.

**Contraindications:** Patients with a known hypersensitivity to the product itself or to its components.

**Change Frequency:** Change dressing as directed by a healthcare professional.

**Recommended Secondary Dressings:** None.

**Satisfaction Guarantee**  
If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.
