ARGENT®
Surgical Instruments & Sterilization Supplies

CONSULT®
diagnostics
Rapid Diagnostic Testing

Thera™
Advanced Skin Care

LUMEN®. SERIES
Optical Diagnostic Products

For the reliability your infusion patients need, count on McKesson

Your infusion therapy patients rely on you to be there for them, and that means having a distributor who's there for you. With McKesson, you can count on the support of a nationwide network, one of the industry's largest product portfolios — and a team that's always willing to go the extra mile.

Count on Access

- National name brands
- Private label options
- 45,000 products, infusion devices, pharmaceuticals and more

Count on Technology

- McKesson OneTrack™ for management of devices and equipment
- McKesson VerbalCare™ patient communication portal

Count on Accuracy

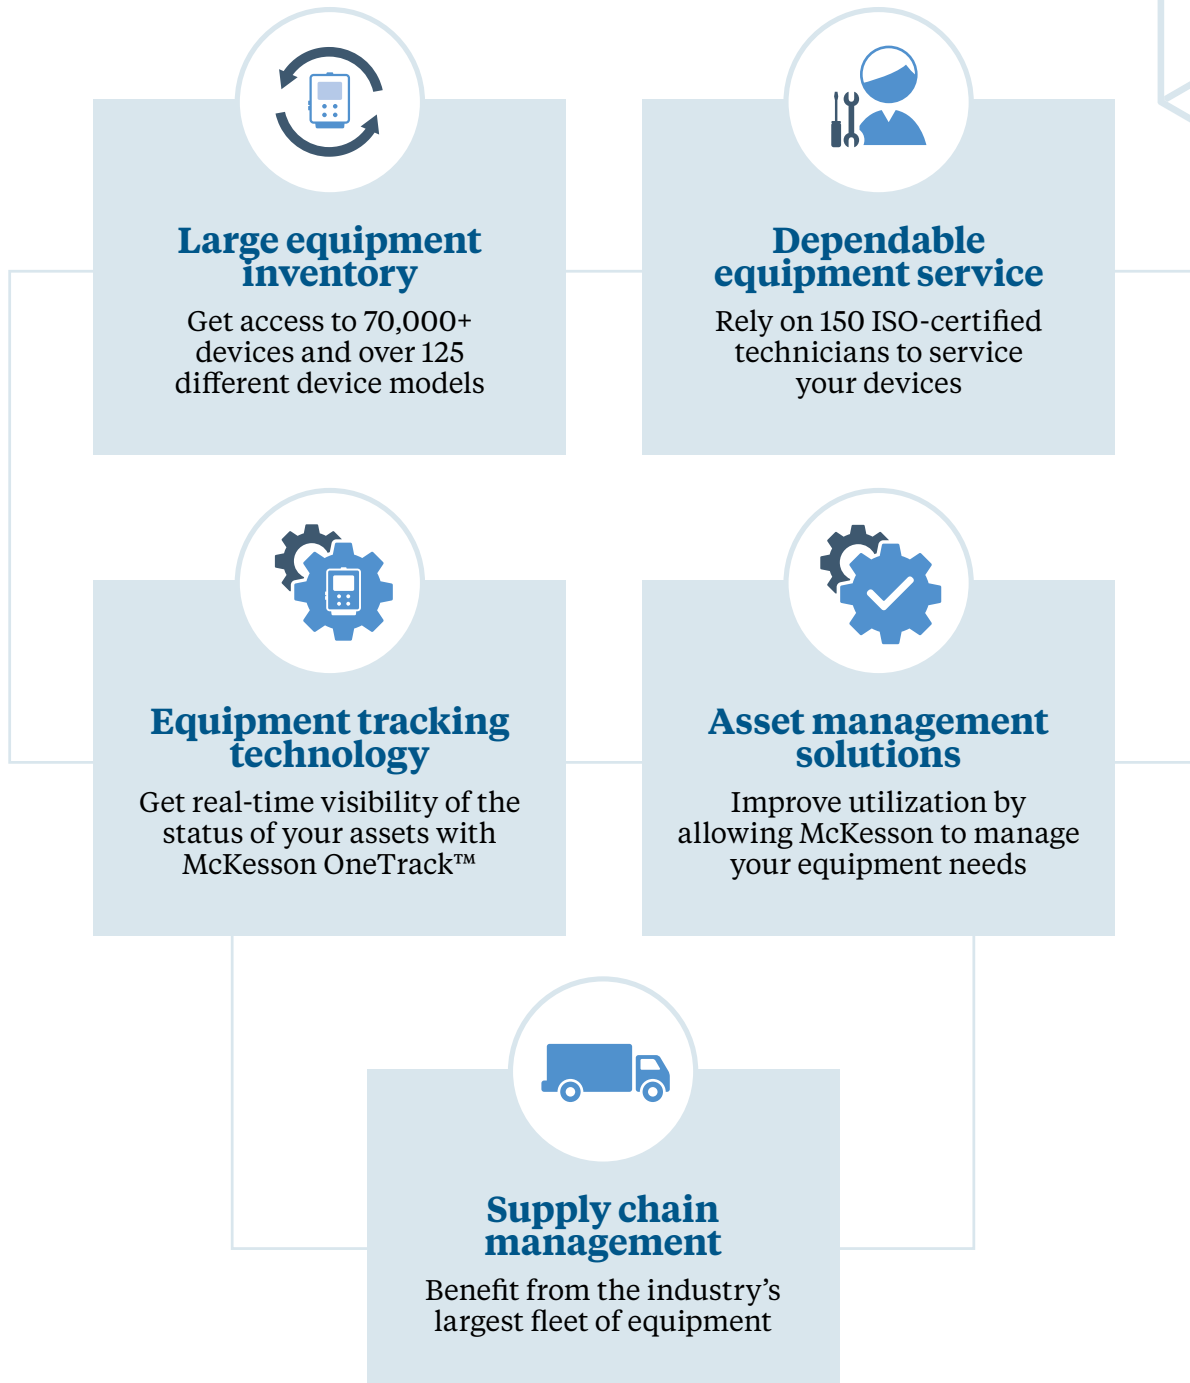

- 99.9% order accuracy
- Next-day delivery to 95% of the U.S.
- Patient home delivery
- Bulk delivery to your pharmacy

Count on Support

- Product and equipment support
- A dedicated McKesson associate for your day-to-day needs, backed by a team of specialists

McKesson Biomedical Solutions™

Stocking, servicing and tracking devices can be a drain on your time and resources. McKesson Biomedical Solutions™ takes this burden off your shoulders so you can focus on your business.

Visit mms.mckesson.com/biomedical-solutions to learn more.

IV Therapy

Intravenous therapy delivers fluids and medications quickly into the blood stream through the veins using either a syringe or a drip. McKesson Brands offers a full menu of IV therapy products including administration sets, extension sets, catheters and accessories.

Infection Prevention

Home infusion therapy providers have the power to prevent infections across clinical settings, clean rooms and even patients' homes. McKesson Brands hand hygiene products, surface disinfectants and cleaning products can help reduce the microorganisms that put patients, providers and caregivers at risk.

Kits

Having quality, sterile and well-packaged kits within reach is essential for healthcare providers who are responsible for starting IVs, changing dressings and more. Kits can lower product expenses, reduce waste, support compliance to clinical protocols and increase the amount of time spent with patients. Some of our most popular kits in the home infusion therapy space are listed below.

Nutrition Therapy

Home infusion patients who cannot ingest food themselves rely on enteral nutrition techniques including syringe feeding, gravity feeding and infusion pumps. McKesson Brand is proud to offer feeding devices and feeding pump accessories that are compatible with the leading infusion pumps.

Personal Protective Equipment

Personal protective equipment (PPE) refers to a variety of barriers and respirators used alone or in combination to protect mucous membranes, airways, skin and clothing from contact with infectious agents. Determining which PPE you need depends on the type of interaction clinicians have with the patient and the anticipated degree of blood and bodily fluid contact.

Protect your patients from infection

You want your infusion therapy patients to be free from infection, and we want to help you achieve that. That’s why we created UPrevent.mckesson.com — an online portal of best practices from leading public and private healthcare organizations. Let us help you build and implement successful infection prevention policies and procedures with resources that include:

- Universal precautions
- Environmental disinfection
- Safe injection practices
- Decontamination and sterilization
- SSI prevention

Flush Syringes

Comparable to the leading national brands, our pre-filled IV flush syringes offer an alternative to vial-based flushing systems and help lower the risk of medication errors. Each of our polypropylene, luer lock syringes is crafted with a no-reflux technology, and works seamlessly with reduced flow catheters.

McKesson offers a wide selection of generic Rx with preferred pricing for Home Infusion customers. Visit mms.mckesson.com/home-infusion-therapy for more information.
