McKesson WoundCare Companion™

Your resource for wound care support.
**McKesson WoundCare Companion™**

Caring for your patients is a top priority, but managing wound care can be a challenge. That’s why we developed the McKesson WoundCare Companion™ program, to help make the treatment of wounds easier so you can continue giving the best in care.
Advanced Wound Care Product Resource Guide

The Product Resource Guide gives you a wide range of product options to help in the treatment of wounds, from trusted national brands to our own McKesson Brand items.

Conveniently divided by advanced wound care subcategories and suppliers, you’ll see product descriptions, sizes and manufacturer item numbers that make finding the right products for care easier than ever.

Product Resource Guide: Advanced Skin Care Product Portfolio

Help prevent the development of wounds by maintaining skin integrity. The Advanced Wound Care Product Resource Guide provides information to help you select the right products, from adhesive removers to skin cleansers including:

- Antifungals
- No sting liquid film skin protectors
- Adhesive removers
- Skin cleansers

Adhesive Removers
Adhesive removers are targets formulated to dissolve adhesives and assist in removing dressings, skin protectors, tapes and any product that adheres to the skin.

Antifungals
Antifungals are agents that are topically applied to the skin and are available in powder, cream, lotion or ointment form.

Moisture-Wicking Fabric with Antimicrobial Silver
- Manages moisture, friction and bacterial or fungal organisms in skin folds
- The soft, knitted 100% polyester fabric wicks and translocates excess moisture, keeping the skin dry
- The polyurethane coating reduces friction in skin folds
- Ionic silver provides effective broad-spectrum antimicrobial action within the fabric for up to five days
