

McKesson SupplyManagerSM: Making returns online easier

In addition to calling our customer service to make a return, you can also make a return online in SupplyManager. Follow these simple steps to initiate a return in SupplyManager:

- Create return request by clicking “**Return Requests**” under Essential Tasks

- Click on “**New Return**”

- You can locate your item by searching *invoice number, order number* or *McKesson item number* or you can scroll down the page
- Once you've found the item/s that you would like to return, select **“Reason for Return”** from drop down menu
- Next add the quantity to be returned. You will see your return cart being built on the right hand side of the screen

Select the return items and your reason for returning them.
The following items are eligible for return, select a return reason and enter a return quantity.
